SOURCE

1. The Partido Socialista Popular (PSP) is reinforcing the cadres of the Juventud Socialista with selected young Communists chosen for their knowledge in methods of indoctrination and agitation-propaganda tactics.
2. Flavio Bravo and other leaders of the Juventud Socialista are unable to find suitable young men in their own ranks, and, according to source, they are using the young PSP members to give strength to the Juventud Socialista. By reinforcing this organization with members of the PSP they aim to form a group of militant leaders, who later will take over the leadership of the PSP.
3. At present the Juventud Socialista numbers about 10,000. According to present plans it is the intent of the PSP to increase this number by recruiting young men from all the social classes of Cuba.
4. Jose Mata Frangie, leader of the Textile Syndicate (Empleados de Comercio de Pejidos), and chief of the PSP Committee for Santa Teresa and San Angel Barrios, Habana, is now working with the Juventud Socialista in Habana.
5. Sergio Restano, who formerly worked for the Committee of San Miguel del Padron in Guanabacoa, and the Committee of Luyano, besides the Sub-Committee of Juanelo and Fernando, is now working with the Juventud Socialista in Luyano.
